

Props Rental

Northlight's inventory of props includes a wide variety of easily accessible hand props, from common finds to oddities, stored in an air-conditioned area of our Scene Shop.

Our furniture stock, also stored at the Scene Shop, includes many styles of chairs, tables, couches, rugs, crates, barrels, foliage, luggage, and lighting practicals, among other items.

To explore our options, please send an email to rentals@northlight.org. If you would like to schedule an appointment to pull your own props or furniture, include a list of optional dates. If you would like us to conduct a preliminary search, please include a list of items you are looking for, as well as sizes.

The Northlight scene shop is open Monday through Friday, 8:30am - 4:30pm.
